

Conferences, events and talks :

2022: Talk PHD-Day 2: Are fundamental constants really constants and why should you care? (**1st price for best talk**)

2022- : Astrolunch-ENS Paris
Spin-moments

2021- today : Regular talks and posters in the LiteBIRD collaboration meetings
Presenting work in progress in Joint Study Groups (JSG), S2S ...

2022: *Moriond: cosmology, Moment expansion with LiteBIRD*

2021: Talk PHD-Day : cosmology with the LiteBIRD satellite (**2nd price for best talk**)

2021: Talks related to «Astrophysical and local constraints on string theory» :

- Azores21
Angra do Heroismo, Terceira Island
<http://www.iastro.pt/research/conferences/azores21/>
- Cosmo21
University of Illinois
<https://caps.ncsa.illinois.edu/conferences/cosmo21/>
- Research school : « Theory of Gravitation and Variation in Cosmology »
CIRM Marseille, France
<https://conferences.cirm-math.fr/2651.html>
- Iberian Cosmology Meeting beriCOS 2021
Coimbra, Portugal
<https://ibericos2021.math.tecnico.ulisboa.pt>
- Café Cosmo Club (3C)
IRAP, Toulouse, France
- IJUP (award for best communication in Physics Maths and Astronomy)
Porto Portugal
<https://ijup.up.pt/2021/>

2020, 2021: Talks in the BxB ANR annual meetings
-2020
-2021
« Moment expansion for LiteBIRD »

2021 -2022: CMB-france 1 and 2
« Moment expansion for LiteBIRD »

2022: CMB-france 3
« Spin-moments »

2021 : talk at the QUBIC collaboration meeting on moment expansion

2018 : Member of the Organization Committee of the « International Astronomical Union Symposium #352 »

Viana do Castelo, Portugal

« Uncovering early galaxy evolution in the ALMA and JWST era »

<https://www.iau.org/science/meetings/past/symposia/2317/>
